A guide to our services

Business Recovery & Liquidations

Many businesses face financial strain from time to time. The reasons are many and varied; problems with cash flow following rapid expansion, difficulties caused by recession, a drop in demand for products or services, or perhaps problems getting paid.

However, in many instances, core business problems can routinely be masked by the need to maintain daily operations. In these situations, it is even more important to recognise such problems early and to deal with them both swiftly and decisively.

At MK Brazil & Co., we draw on the full spectrum of professionals and services available in order to provide a "new set of eyes" to assess your current situation; taking a positive and constructive approach to ease your burden when dealing with business recovery or insolvent circumstance.

Services Offered

Business Recovery & Turnaround

By working closely with management, creditors and other stakeholders - we can help objectively explore the strategic options open to businesses in difficulty to determine turnaround options and formulate recovery plans based on the most effective way forward in order to preserve the business.

Examinership & Receivership

We undertake formal receivership and examinership assignments and carry out monitoring and advisory roles for you. We maximise the return by devising recovery, refinancing or reorganisation strategies aimed at producing the best possible outcome.

Liquidations

We specialise in both voluntary liquidations (members and creditors) and court liquidations. We can provide advice, assistance and support to shareholders and directors in meeting their obligations in such circumstances.

Receivables Management

Bad debts and cash flow problems account for almost a third of business failures. We can help you get the money in more quickly and efficiently and/or provide a unique and comprehensive range of services to help relieve cash flow pressures.

Creditor Services

If you are a creditor in someone else's insolvency, we can advise you on how best to protect your interests. We can attend creditors meetings, assist with reservation of title claims, submission of all paperwork and options in relation to debt recovery
